RED CROSS FUND COLLECTION HAS PASSED \$4,000

Yesterday's Receipts From
Ten Teams Total \$1,389
On Second Day.

LAMKIN'S TEAM TAKES
LEAD WITH OVER \$900

Cape's Apportionment of \$5000
to be Surpassed, is Belief of
Red Cross Officers.

The \$5000 which Cape Girardeau and the county are called upon to raise for the Red Cross will be collected by today, Chairman Stafford announced yesterday afternoon after receiving the reports of his ten teams, showing that \$4232 had already been turned in by the captains of these teams. The house-to-house canvass of the city will start, and it is believed that more than \$1000 can be raised during the last two days of the campaign.

R. E. L. Lamkin and his teammates took the lead in the collection yesterday, forging ahead of Sam Sherman and his team. The total sum collected by Mr. Lamkin's team yesterday amounted to \$265, making a total of \$909 for the two days of the campaign, while Mr. Sherman and his team fell \$7 behind the mark set by the leaders.

The largest amount during yesterday's campaign was collected by Julien N. Friant and the members of his team. Their total for yesterday was \$273. Mr. Lamkin and his team took second place with a total of \$265, while Mrs. Earl G. Gramling and her workers held third place with a total of \$205 for the day.

The other amounts reported by the seven remaining teams were: Sam Sherman, \$171; Mrs. John S. Kochtitzky, \$179; E. P. Ellis, \$90; W. C. Ballard, \$75.50; Mrs. L. B. Houck, \$70; William H. Stubblefield Jr., \$36, and Prof. H. S. Moore, \$24. The total of yesterday's collections amounted to \$1389.

Mr. Stafford was highly elated over the result of the two days' receipts, and said he believed that the total collections during the campaign would far exceed the \$5000 mark. In addition to the funds raised in the city, the county will also contribute to the collections of the Cape chapter. A committee composed of several members of the local chapter will canvass the towns of the county next Sunday.

Another mass meeting of the newly-organized unit to the Cape chapter was held last night in Jackson, when the plans for the campaign in the county seat were completed. Jackson has been divided into four districts, and each section will be canvassed by members of the Red Cross unit. A meeting will be held this morning in which the final arrangements for the campaign will be made.

Following the concert at the Courthouse Park last night, the second mass meeting of the Cape campaign was held to explain to the public the necessity of raising the Red Cross fund. Speeches were made by Prof. Benson of the Normal, and William H. Stubblefield Jr. Both speakers outlined the work which will be accomplished by the Red Cross workers. Everybody was urged to contribute to the fund as much as his means would allow. Every dollar given the Red Cross, the speakers emphasized, would help save the life of a wounded soldier and help relieve the sufferings of the soldiers who have offered their lives for the cause of the country.

The principal meeting of the campaign will be held tonight at the Courthouse Park. Herbert Morgan, one of the leading bankers of St. Louis, will deliver the address.

About two-thirds of the \$100,000,000 the Red Cross is trying to raise during this week's campaign, has been collected in the entire country in the first three days of the campaign. The results of these collections indicate that this sum will even be exceeded by many millions of dollars.

ARRESTED WHEN HE INTERRUPTS RED CROSS TALK

Charles Behrens, Traveling
Man of St. Louis, Held for
Peace Disturbance,

DID NOT BELIEVE CRUEL
ACTS TOLD BY SPEAKER

Crowd Follows Prisoner to City
Jail—To be Tried this Morn-
ing in Police Court.

Considerable excitement was created during the speech made by William H. Stubblefield Jr., at the mass meeting of the Red Cross, when Charles J. Behrens, a traveling salesman of St. Louis, interrupted the speaker while he was relating the stories he had read about the cruelties committed by the Germans upon the Belgians. Many of the audience followed the party of men who, in company with Policeman Hutson, took the man to the city jail, leaving only a few at the Courthouse Park, where the meeting was held.

While the speaker told of the cruelties committed by the Germans on innocent Belgian children, relating how they had severed their hands and crippled them in other ways, Mr. Behrens exclaimed: "I just can't believe that." A commotion followed and several in the audience seized him and turned him over to Policeman Hutson, who was in the park near the speaker's stand.

He was taken to the city jail and detained until Chief Whitener was summoned. After hearing the circumstances, the chief decided to place a charge of general disturbance against the prisoner. The latter was then released on a \$100 bond signed by Dr. L. F. Popp, who has known Behrens for many years.

Mr. Behrens told a reporter of The Tribune the horrors as described by the speaker were of such brutality that he could not believe it possible that any civilized man would resort to such cruel acts as to cut an innocent child's hand off. "It horrified me so," he said, "that I just could not suppress the thought prompted by what I heard. My feeling was of that kind which any man with a heart would have, when hearing such a story."

W. Palmer Oliver and Mercer D. Wilson, who were near Mr. Behrens, told The Tribune Mr. Behrens addressed the speaker as he told what he read about the treatment of the Belgians, saying "You do not believe that."

A crowd closed in on the man and held him till the policeman arrived.

Mr. Oliver said the prisoner made an attempt to run from the park after making the remark, but this was denied by Mr. Behrens. He said he could not listen to the story any longer and wanted to walk off, but had no intention to run away. "In fact," he said, "I could not imagine what could prompt the men to have me arrested for making the remark accredited to me. I just could not believe the story told by Mr. Stubblefield."

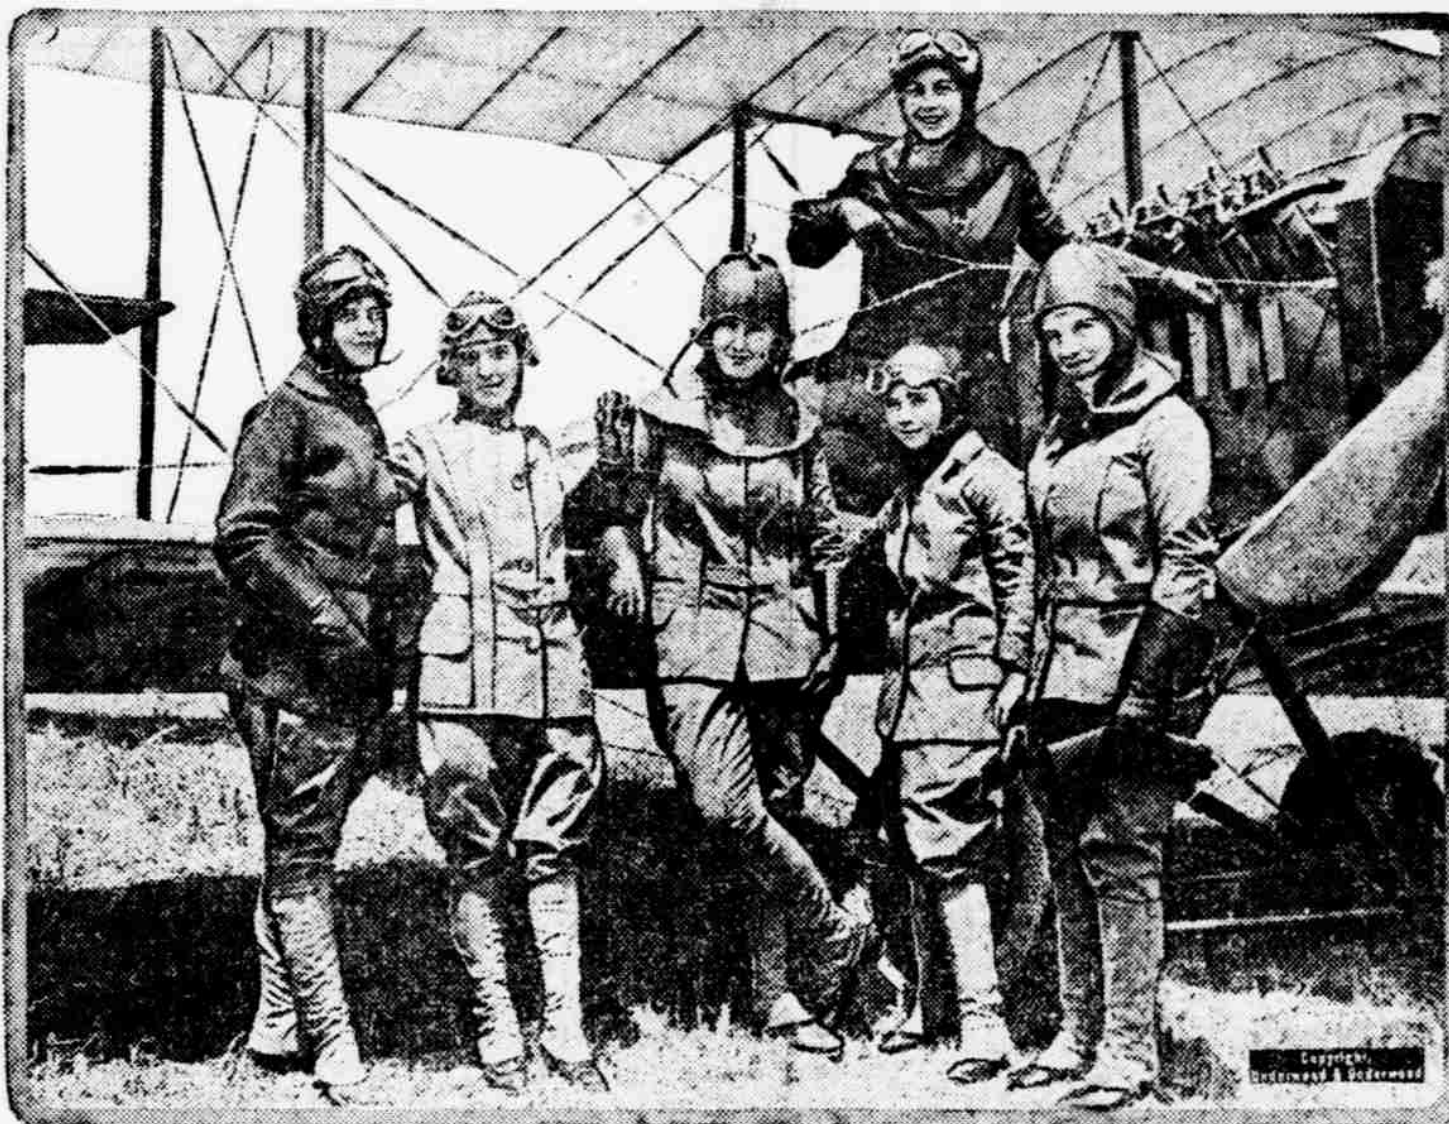

A big crowd followed the prisoner and the men who accompanied him to the city jail. Upon their arrival at the jail, Mr. Oliver insisted that the man be put in a cell, but the latter refused to go before making a statement to Chief Whitener. During the scuffle that ensued, the prisoner's coat was badly torn.

When Chief Whitener arrived at the station the prisoner was permitted to make a statement, and the chief decided to hold him for disturbing the peace, in view of the fact that many of the audience who had been near Mr. Behrens bore out his statement, and in view of the fact that several well-known men of the city interceded for the prisoner.

Mr. Behrens who represents a lumber firm of St. Louis has been in the city for several days taking orders for the firm. He is well known in the city, and the news of his arrest caused a number of business men of the city to call at the station to vouch for his character and his loyalty to the country.

He will be tried this morning on the charge of disturbing the peace before Police Judge Fristoe.

CRACKER EXPLODES IN YOUTH'S FACE

Powder Enters Chester Vorbeck's
Eyes, But Sight is Not
Impaired.

While playing with firecrackers yesterday morning, Chester Vorbeck, the 8-year old son of Dr. and Mrs. J. C. Vorbeck, nearly lost the sight of his eyes.

He lighted a cracker, and when it failed to explode promptly, he picked it up and began to examine it. While inspecting the cracker, it exploded, the powder entering both eyes.

Dr. Vorbeck, who was at home at the time, applied emergency remedies, which probably saved his sight. For several hours the lad was unable to see at all, but his vision was restored during the afternoon.

The lad had purchased some fireworks to be used in celebrating the Fourth of July, and in order to be in practice, he thought he would explode a few crackers ahead of time.

Dr. Vorbeck said last evening that the fire had entered his son's eyes, but the sight had not been impaired.

Other Officers Chosen at Meeting of
Women Delegates.

Mrs. John Kochtitzky, one of the leading club women of Southeast Missouri, was elected president of the Women's Council of Clubs at the meeting held Wednesday afternoon by the delegates of the various organizations of the city. Mrs. Kochtitzky, who is head of the Wednesday Club, one of the strongest clubs of the city, has been prominent in civic and charity affairs for a number of years, and it was for that reason she was elected to head the council of the ladies' organization.

PROF. NIEMANN MAY GO TO ST. LOUIS

Offered Principalship of Luther-
an School in Metropolis-Taught
Here Five Years.

Prof. F. W. Niemann, principal of the Trinity Lutheran school, has received a call to take charge of the Bethel Lutheran school in St. Louis at the beginning of the next term. It was the second request Prof. Niemann received since the closing of the last school term.

Prof. Niemann is in Milwaukee, Wis., spending his vacation. The letter tendering him the position in the St. Louis school was forwarded to him immediately upon arriving here. Whether he will accept the call, is not known at this time.

The school, of which Prof. Niemann has been offered the principalship, is one of the largest of the Lutheran schools in the metropolis. Prof. Niemann has been in charge of the local Lutheran school for five years. Under his direction the school has made a splendid record, and therefore the members of the congregation and the parents of the children, who are entrusted to his care during the school months, would regret to see their teacher leave.

U. S. AIDING BRITISH ENLIST SUBJECTS IN THIS COUNTRY

Recruiting Officers to Send British to
New York Headquarters.

An order to aid the recruiting of British subjects in the United States by referring English citizens to the British headquarters in New York, was received yesterday by Sergeant O'Rourke from the War Department. Several British citizens are in the Cape and have offered their services, but were rejected because they were not naturalized citizens of the United States.

The order sent out by the War Department directs the officers in charge of the recruiting stations to aid the enlistments of the British in any way possible, such as giving the preliminary physical examination and sending the applicants to the British headquarters at New York.

The final inspection of the local company will be held Monday night at West End Hall by Major Linxweiler, who has been sent to the Cape for that purpose. Those members who have not undergone the physical examination will be required to do so Monday night. Drs. J. W. Berry and D. H. RUSSIANS DECIDE TO RESUME DRIVE AGAINST TEUTONS

GERMANS BUILDING U-BOATS OF IMMENSE SIZE FOR 100 MEN

papers is Voted by Senate Com-
mittee—King Constantine is

New Home.

Petrograd, June 21.—The resumption of an immediate offensive against the Germans was voted unanimously today by the All Russia Congress of Workmen and Soldiers, and plans were made for immediately carrying out a renewed war against the country's enemy. The unanimous vote indicates that even the Petrograd Council which has been strongly in favor of peace, has been won over by the war party. The Petrograd Council heretofore was looked upon as the leading factor of the national council, but its strength was overwhelmingly defeated by the great number of delegates that were sent from all parts of Russia to vote for resuming war operations against Germany and Austria-Hungary.

Following the vote for the renewal of the attacks along all lines of the Russian army, a manifesto was issued by the Military Union of the Women Volunteers. Workers are now appealing for an unremitting struggle against the enemy who is solely motivated by imperialistic and enslaving tendencies.

Washington, June 21.—Russia's consecration to a war to the end with German autocracy and imperialism was assured today by Special Ambassador Boris Bakhmeteff, head of the Russian mission in the national capital. The Russian envoy issued a statement tonight, in which he gave the assurance that the Russian people are absolutely convinced that they must root out the autocratic principles which underly German militarism, in order to give the world freedom and peace.

Washington, June 21.—The Senate Finance Committee late today took what the members expect to be final action on publishers' taxes in the war revenue bill, adopting, by a vote of 8 to 6, an increase of one-quarter of a cent a pound on second-class postage rates and an additional levy of five per cent upon publisher's net profits over \$4000.

After a meeting of the American Publishers' Association here today, a committee of publishers appeared before the Senate Finance Committee protesting against any discriminating war tax levied on the newspaper business.

The delegation, headed by E. H. Baker, told Senators that publishers were assisting the Government in every way possible in the carrying on of the war; that they recognized the need of special war taxes and were willing to pay the rate which was imposed on other legitimate and necessary businesses.

Postal rates, they declared, should not be raised without a careful investigation, and if they were to be changed, it should be done in the public interest and not as a war tax on a business that does not profit by the war. F. W. Kellogg of San Francisco told the publishers the Federal Trade Commission had been lax in dealing with the high prices of paper.

London, June 21.—Abraham I. Elkus, lately the United States Ambassador to Turkey, who has arrived here from Constantinople, reports that the Turks regret the entry of the United States into the war and are giving no trouble to the Americans.

He has the unique distinction of paying his doctor's bill after his recent illness with three white suits and a dozen bars of soap. This, so it is told by his friends, was the only remuneration which the Polish physician who treated him for typhus fever wanted.

In a special article in the Pall Mall Gazette Elkus tells of marked respect being accorded to Major General Townsend, who surrendered at Kut, and dwells on the tolerant attitude of the Turks toward foreigners.

Dublin, June 21.—Sinn Fein riots broke out in Dublin today. Men carrying the Sinn Fein (rebel) flag marched through the streets and attacked houses on which the Union Jack was flying.

When the police attempted to interfere street fighting broke out. Eighteen men and five women were arrested.

Rome, June 21.—Seven Italian merchant ships have been sunk by submarines in the last week. It was officially announced today. Two of the ships were steamers and the other five were sailing vessels.

Zurich, June 21.—A Swiss newspaper correspondent who recently visited Kiel says the German submarines of the latest type are cruisers of 2000 or more tons, with a radius of action of thousands of miles. At least four of these new U-cruisers have already been built and several others will be completed this summer.

They have batteries of 6-inch guns and three torpedo tubes. Their speed is said to be 20 knots per hour on the surface and twelve knots submerged. Each has a crew of more than 100 men.

An important feature of the new monster submarines is that they have noiseless motors. After diving they move silently through the water and their presence cannot be detected by an enemy ship even with the finest instruments.

Lucano, Switzerland, June 21.—Former King Constantine of Greece and his family planned late today to leave Lucano for the Lake of Thun, being evidently greatly chagrined at the demonstrations directed against them.

Tuesday evening, the former Greek monarch attended a concert in the public square, but departed hurriedly when foreigners there hissed him. On public square, but departed hurriedly when foreigners there hissed him. On to molest him. The former King entered a cafe and slipped out through the back door.

Constantine and his family remained in their hotel all day Wednesday.
